

## Which Blank Ink Should I use

Archival Ink: - Black #140931  
Acid Free, Non-toxic, waterproof  
- Permanent on manyt surfaces.  
- Crisp images that do not bleed over water-based inks (Stamping Up Classic Ink pads) and Stampin Write Markers, acrylic paint, watercolors etc.  
Clean Up – Stampin Scrub #126200 and Mist #102394

Great if you are getting projects wet: Aqua Painter, Blender pen, water colouring

Memento Black Ink #132708  
Dye Ink  
- Fast Drying, fade resistant, acid free  
- Will not stain photopolymer stamps  
- will not bleed with Alcohol bases products such as Copics

Clean Up – Stampin Scrub #126200 and Mist #102394

Great for Photopolymer Stamps and Alcohol Based Markers (Copics)

StazOn – Jet Black #101406  
Solvent Based  
- permanent on most surfaces  
- Alcohol based products will cause this ink to bleed  
Clean Up – StazOn Cleaner #109196

Great if you are getting projects wet: Aqua Painter, Blender pen, water colouring
